Greetings from our new home in Leubsdorf, Germany

The move

Our strongest helper

We are moved in...well, for the most part anyways. (Just don't take a look at our basement...). And we are doing **AWESOME!** Life is great, **when you are following God's plan for your life.**

We are enjoying "Leubsdorf" - our little village, about 20 miles from church- tremendously. It's **gorgeous** around here this time of year. The trees are blooming, and the smells are unbelievable. We can see the **Rhine river** from our house. Simply **beautiful.**

Sam loves it here. He goes to **Kindergarden** now... and he does good with it. He loves to **play soccer** with all his new-found friends in the neighborhood or to **play in the dirt-pile** in front of our house (don't ask me how much laundry we've had to do lately...). It's so good for him though, and we are so happy that he's **finding good friends** wherever he goes. What a blessing.

And **Joy**...oh my... what a cutie. She **loves to hug and cuddle.** She is walking somewhat and talking almost non-stop... "Mama, Dada... hot... what is dat?" She is a sunshine kid. **A real joy.**

What can we say? We are **blessed & happy.**

Impacting lives for Jesus

After we got here, we met with Pastor John & Michelle & decided that our help was most needed in the **6-12's classroom** (our FAVORITE!).

So we were excited & took the first couple of weeks mostly watching & getting a feel for what was going on... Getting to know the kids, the teachers, & **building relationships.**

It didn't take long for us to get right in the middle of it all. Right now we are teaching every other Sunday and **helping the other teachers** on the other Sundays with the new **multimedia** segments that we are integrating more & more. (Video clips, review games, music, etc) **The kids love it!**

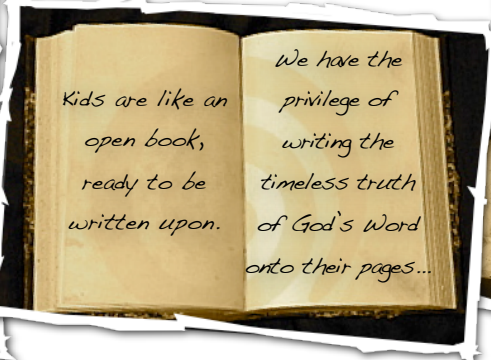

Besides the Children's Ministry, we are involved in **other areas** of Rhema Germany as well. Brent has been helping with some other **practical areas** such as getting the ministry van to pass through the strict German vehicle inspection "TUV", digitalizing tapes (putting Rhema's tape series onto CD's), & jumping in to help with special events (like the European Graduation we just hosted). We're just **helping out wherever we are needed.**

- We are also planning & getting ready for:
- * **A special seminar for pastors & leaders** - June
 - * **Summer Outreach in Cologne** - July
 - * **Summer Healing School** - August
 - * **Rhema "Mobile" Bible Training Centers**
 - * **Rhema Bible Training Center** - October

To make a long story short: We are excited about being here, and love being part of an **awesome team.** We know we are **in the right place,** and we are honored to be part of what **God is doing in Europe.**

Kids are like an open book, ready to be written upon.

We have the privilege of writing the timeless truth of God's Word onto their pages...
