

IMPACT MINISTRY UPDATE

Time for change - coming home to Montana!

It's the beginning of a new season !

We all know that change can be both scary & exciting. For us, it's a bit of both. We've realized that the time has come for us to make a change in ministry & to put more focus on the family.

So we're following our heart & moving our ministry base to Montana this August.

It's a big change, but we know it's the right thing for us now.

At first, we'll be taking time to seek God, spend time in the Word of God (in His presence) & one-on-one time with the family.

For the future, we can see ourselves doing outreaches in Germany & Europe while our base stays in Montana. Europe is still in our hearts & we'll always go wherever He leads us.

We can never go wrong by following the promptings God lays in our hearts, nor by taking that next step of faith in following His plan for our lives. That's what this is. It's another step of faith & obedience and we expect He'll be faithful to do what He always does.

He will keep providing us with more clear direction as well as the resources to do it.

Ministry Leadership Seminar May 2013

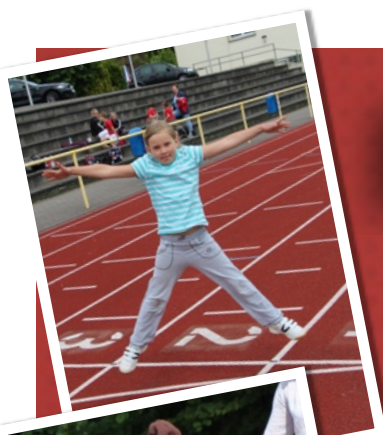

Supporting the vision & work of Rhema Germany, we just finished another life-changing 2-day event.

Brent's job was to make sure the Lights, HD Camera, Sound, Projector, & Logistics went without a hitch at this new venue (for us) at the Beethovenhalle in Bonn, Germany.

READY TO MOVE

It's time to move the family from Leubsdorf Germany....to America!!

There are many vital areas of ministry that we've been involved in at Rhema Germany. So now we need to find the right people to hand things off to.

We've been here for 7 years now & God has blessed our lives richly. Now it's time to sell & sow many of our things.

The kids are already enrolled in Circle, MT School & we've found a place to live (way out in the country)! A new start...

Thank you so much for your love & support. We want to let you know that we really do appreciate you & we believe that God will bless you richly for your self-less giving.

Thanks again & we look forward to hopefully seeing many of you soon!
