

IMPACT MINISTRY UPDATE

Time for a "Refresher" Course!

So we're doing "Continued Education for Ministers" through Charis Bible College. The neat part is that we can do this from home & continue to speak in churches around Eastern Montana!

The first week Brent began working in the oilfield, he knew that he was not meant to be a "Company Man". Rather he chose 20+ years ago to be a "Kingdom Man"!!

Commit your way to the Lord, trust also in Him & He shall bring it to pass Ps. 37:5

God spoke to Brent

Company Man Vs Kingdom Man

Brent has been doing some speaking...off & on.... & in the last bit quite frequently at the Evangelical Church in Fallon, MT. Our heart simply connects with "Seeking First His Kingdom". We are going to **begin living on**

So Brent & Gaby are now classified as active Itinerate Ministers. We are ordained through RMAI (Rhema Ministerial Assoc. International)

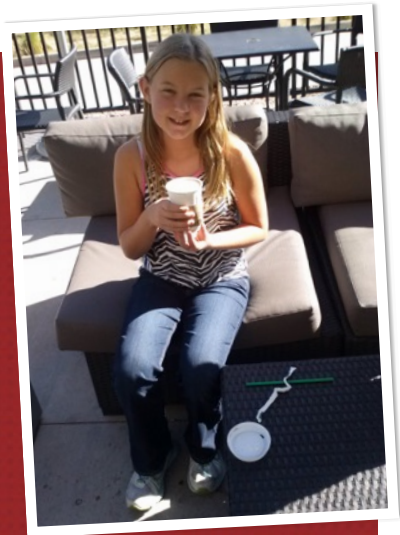

support again so we will be able to study & take every opportunity we can to minister the word at churches & small groups.

If you desire to support us, we appreciate it. Your gifts are tax-deductible. Thank you!

READY TO GO

The kids like life in Terry, MT.

Sam enjoys his friends & sports.

Joy enjoys riding her bike around town & hanging with her friends.

Josh loves being at home & has a best friend at school.

All 3 of them look forward to the pool opening up so they can enjoy that again all summer long.

We have taken trips to Colorado. We feel that we will eventually be there for at least a little bit...maybe a year doing 3rd year studies at AWWMI

In order to "pick up some slack" on the finances, Brent is also building websites. So if you know someone needing a website, feel free to point them to www.applecowboy.com
